Highlights

40 mm speaker driver
The 40 mm speaker driver is made of a composite Mylar material for a highly sensitive yet powerful element that delivers sound without audible distortion.

Closed type design
Sounds around you are perfectly blocked out while the sound from the headphone is kept in a sealed chamber for perfect quality. This makes the headphones ideal for monitoring during live music or recording sessions.

Excellent sound quality
Acoustically-tuned design and high-quality drivers ensure best-in-class audio performance.

24 k Gold-plated plug
You can rest assured that the precious metal gold finishing on the plug will give you a more reliable connection for better quality audio.

Comfortable ear cushions
The special shape and luxurious materials used for the ear cushions ensure a perfect fit for maximum comfort. They prevent audio leakage and enhance bass performance too. The ear cushions are shaped in such a way that they perfectly align with the area around a person's ear.

Real Flat folding
The headphone set is designed to be folded flat, so that it fits in your travel bag easily.

1.2 m cable
The ideal cable length to give you the freedom to put your audio device where you want.

For booming sound and power
The speaker driver is made of a composite Mylar material for a highly sensitive yet powerful element that enables superior power output and delivers high-fidelity sound without any audible distortion.

for supreme wearing comfort
The ultra-soft headband cushions wrapped in fabric matching the ear cushions allow a snug and secure fit on the top of the head, without adding any pressure to the skull.

Interchangeable caps
Choose one of the three interchangeable earpiece cap sets, each with different styling and colours, to suit your taste and mood.
